Full clean UK driving licence | Direct rail access to London Paddington

PROFILE

Mature British presenter, content creator and actor with a natural, credible on-camera style and a strong background in digital media. Comfortable speaking directly to camera, working from a script or brief, improvising where appropriate, and adapting tone for different audiences. Hands-on experience includes photography, videography, short-form video, YouTube presentation, copywriting and editing in DaVinci Resolve. I also bring decades of client-facing digital experience, strong organisational skills and a practical, unflustered approach to production.

ON-CAMERA & CONTENT EXPERIENCE

Gary on Camera - Presenter / UGC-style portfolio, 2026

- Short-form direct-to-camera presenter and spokesperson work.
- Natural, conversational delivery rather than hard-sell influencer performance.
- Dedicated home/self-tape setup for scripted and performance-led content.
- Current portfolio includes direct-to-camera, acting/performance and vertical character-led samples.

Screen performance

- Trial of the Greenwood (2026) - Elder - short film - Director: Tobey Gannon.
- Camera-focused training in frame awareness, marks, eyelines, continuity and scene work.
- Earlier live comedy/parody theatre experience with character work, audience interaction and comic timing.

YouTube, editorial and independent content

- Created and presented a YouTube channel about full-time motorhome living.
- Wrote a travel/lifestyle blog which developed into published books about life on the road.
- Run Cooking, Clicks & Canines, combining practical written content, photography and digital publishing.
- Long-standing photography experience, including stock-photography sales.

DIGITAL & CLIENT EXPERIENCE

Rogue Interactive Limited - Co-founder / Technical Director, 2005-2023

- Worked directly with clients and internal design/technical teams on digital projects.
- Managed remote technical workflows, problem-solving and delivery.
- Comfortable translating a brief into practical output and communicating with non-technical clients.
- Strong understanding of websites, online publishing and digital user experience.

SKILLS

Presenting & performance

Direct-to-camera presenting; scripted delivery; improvisation; character work; voice characterisation; public speaking; natural conversational delivery.

Content production

Photography; videography; mobile content capture; framing; basic lighting and audio; short-form video; voice-over; DaVinci Resolve editing; content planning; copywriting; blogging.

Working style

Confident with briefs; organised; self-starting; calm under pressure; comfortable working in public-facing environments; happy to travel and work on location.
